

texlymat®

TPR backing Rugs, woven or printed, foldable, packable, machine washable!

Surface: Chenille, Artificial Fur, Towel (Printed or woven)
Backing: Thermoplastic Rubber
Thickness: 2-4mm

Composition: PVC / Chalk / PET / DOP / RUBBER
Weight: Varies According to Material
Size: Any cutting available of maximum 280cm

Features: The new backing material is non-slip, anti-skid, matte finish; it has good adhesion and strong bonding with yarn, and no shed yarn after repeated water and machine washes. It is environmentally friendly, non-toxic, odourless, and does not cause allergic reactions, mutations, or rejection reactions in human tissues. It has passed SGS testing for environmental standards such as SVHC, ROHS, PAHS, phthalates (or acids), and halogens. It is temperature-resistant; the backing can pass adhesion tests at 60 - 80°C for 24 hours and does not become sticky when used in a heated floor environment. Recycling is possible; edge waste can be 100% reused without affecting its workability and product quality.
