

WOVEN VINYL

texlyweave®

Woven vinyl with an exclusive creation!

悉心编织空间表面的精彩 & 融合自然的纹理和触感

Wall to Floor

2023 NEW COLLECTION

INNOVATION AND HANDCRAFT

Dragonshine is a well-experienced manufacturer of woven vinyl products, which has offered a feel and look like a plant material for over 20 years to the interiors market of the world. Our fabric can be extendedly used as upholstery, and wall/floor products, a smart option for the surface. That natural-like design appeals to you to touch it and is easy to maintain and clean up. An elegant gene makes it possible for luxurious and individual demand.

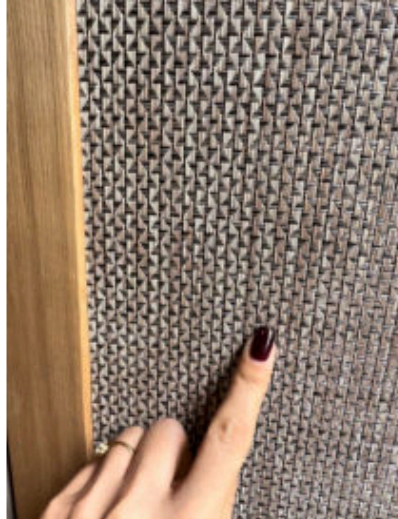

WOVEN FOR AESTHETICS

When textyweave® was being developed, the ecological aspect also played an important role next to innovation and practicality. Furthermore, the total textyweave® product processing uses low temperatures and nearly zero water. All excess material created during production can be recycled. Woven vinyl products were always designed for outdoor applications; solution-dyed, the color is solid throughout all the fibers and yarns created, giving it unsurpassed color life against fading.

Thanks to its individuality and the raw materials used, a textyweave® collection will perform well in almost any indoor or outdoor environment, from washrooms to lobbies, bringing the simple look of nature and style without maintenance worries. The incidence of light provides textyweave® with its character and distinctive appearance and creates magical realism in the space in which it appears.

textyweave® fabric presents a new engineered surface with vinyl-coated yarn that significantly increases wear resistance and two-tone aesthetics that enhance the tactile experience of the textures. Over-engineered for incredible durability, use textyweave® to meet the needs of today's modern living. Long-lasting colors, unique feel, and stylish look!

THE PREMIUM TACTILE EXPERIENCE OF THE TEXTURES

ENGINEERED AND EASY

Easy to apply, clean, and maintain; strong, durable, soft, and comfortable. A brilliant choice for offices, gyms & hotels, the textlyweave® wall2floor range is also a popular option at home anywhere from ensembles and bathrooms to kitchens and studios where a statement finish is desired.

EN 14041: 2004
EN 14041: 2004
+ AC: 2006

Resilient, textile and laminate floor coverings – Essential characteristics The European Standard EN 14041:2004 specifies the health, safety and energy saving requirements for resilient, textile and laminate floor coverings. These products are intended for use as floor coverings within a building according to the manufacturer's specifications.

RoHS

Compliant
2002/95/EC

RoHS stands for Restriction of Hazardous Substances, and impacts the entire electronics industry and many electrical products as well. The original RoHS, also known as Directive 2002/95/EC, originated in the European Union in 2002 and restricts the use of six hazardous materials found in electrical and electronic products. All applicable products in the EU market since July 1, 2006 must pass RoHS compliance.

REACH

Companies or individuals that import, manufacture, use or place on the market substances, mixtures or articles must be compliant with the REACH regulation. That means if you are based in the European Economic Area (EEA) (including Northern Ireland) or Great Britain (GB), all physical goods must be compliant with the regulation unless an exemption applies.

Proposition 65 (Prop 65) is formally known as the Safe Drinking Water and Toxic Enforcement Act of 1986. It's legislation that requires businesses and manufacturers to provide Californians warning labels on products that contain chemicals that are known to cause cancer, birth defects, or other reproductive harm at levels above California's "safe harbor" guidelines.

CREATE DYNAMICS

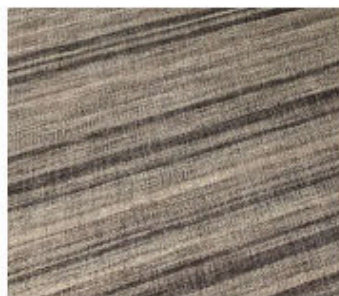

GRAINY

WOVEN VINYL WALL TO FLOORING

A juxtapositional dark and light texture imitate the wood bark, the vintage background, and the old and ruined panels look. We took the color from natural wood species and old ruined panels. The small authenticity wood look design, the high-performance juxtaposition of dark and light. The two-tone vinyl panels are fine and brief but with exquisite detail of pine forest. The subtlely vein is shimmering.

Color & Texture

It is introducing Random woven vinyl available in ten fruit-inspired colors. Artisan-picked of textural yarn, its vinyl-coated fibers reveal a variable two-tone knobby sheen. The colored warp combined with the same hue weft fibers in an open weave, creating a seamless, sun-dappled appearance that recalls casual liners. The pattern is in stock for wall-covering and flooring.

MOSS

Moss is a versatile product, suitable for use in environments with different styles. It allows you to obtain high-quality finishes with cloudy, organic effects, with soft colors, or bright colors, while providing an elegant surface complement for spacious interiors. It can be applied more traditionally with the wall hanging, panel covering, furniture upholstery, worked with our 8/2w flooring, use of modular carpet, or combined with other products.

SURFACE

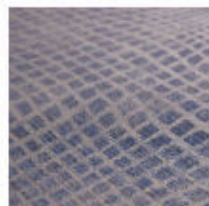

The surface creates an illusion of movement and shape. The contrasting colors in the woven-like grid give an illusionistic vibe creating a curiously engaging look. The blended woven vinyl has been backed in sturdy vinyl and is ready to withstand stain repellency, mildew, water resistance, and everything in between.
