

woven vinyl wall2floor

CERAMIC

texlyweave®
we challenge the norms of weaving

UNIQUE DETAILS

Precious, rare, long-lasting. The woven vinyl plays with the light: they capture, enhance, and reflect it with a game of pleasant reflections that turn every surface into a precious material.

OUTSTANDING INTERIORS

Ceramic creates an illusion of movement and shape. In addition, the contrasting colors in the wave-like grid give an illusionistic vibe creating a curiously engaging look.

WOVEN VINYL CERAMIC

The design brings you beautiful decorative cement tiles look, created by texlyweave. Although mixed traditional tile designs stitch the pattern, vintage and retro tiles add a splash of something different to walls or flooring when used as features and mixed.

Resilient, textile, and laminate floor coverings - Essential characteristics The European Standard EN 14041:2004 specifies the health, safety, and energy-saving requirements for resilient, fabric, and laminate floor coverings. According to the manufacturer's specifications, these products are intended for use as floor coverings within a building.

Companies or individuals that import, manufacture, use, or place substances, mixtures, or articles on the market must comply with the REACH regulation. That means if you are based in the European Economic Area (EEA) (including Northern Ireland) or Great Britain (GB), all physical goods must be compliant with the regulation unless an exemption applies.

RoHS stands for Restriction of Hazardous Substances and impacts the electronics industry and many electrical products. The original RoHS, also known as Directive 2002/95/EC, originated in the European Union. In 2002 and restricted the use of six hazardous materials in electrical and electronic products. All applicable products in the EU market since July 1, 2006, must pass RoHS compliance.

Proposition 65 (Prop 65) is formally known as the Safe Drinking Water and Toxic Enforcement Act of 1986. Legislation requires businesses and manufacturers to provide Californians warning labels on products that contain chemicals known to cause cancer, congenital disabilities, or other reproductive harm at levels above California's "safe harbor" guidelines.
