About Dragonshine

For over 20 years, texlyweave has been textured woven vinyl fabric from the factory equipped whole production procedure from toning, plastic granulation, yarn coating, and weaving. texlyweave represents a vocation of conceiving, developing, and producing access to infinity designs, an architectural solution that combines color and technical function covered by this high-performance woven vinyl. texlyweave is now manufacturing woven vinyl for upholstery, flooring, and wallcovering that is appealing to the eye and is long-lasting. We keep developing our products from every detail to make them as perfect as possible.

Create calm with the engineered appeal

Distinguishing from the traditional weaving material, woven vinyl presents today's contemporary spaces; engineered texture and colors offer calm in every environment. Capture this elemental appeal with surfaces that support your most significantly increased wear areas. Create timeless harmony with textyweave woven vinyl wall flooring. Ideal for busy public spaces, such as hallways and entryways, textyweave balances durable materials with timeless beauty. Explore the natural connection of emotion, design, and performance.

PAPYRUS WEAVE

PAPYRUS WEAVE delivers free stria without repeat

The Stripe collection stems from the contrastive color of the binate warp at the random range; it delivers free stria without repeat. Whether the results conjure, the design lose, dark, or shimmering, this capricious and dynamic lending the surface both a strong character and an inherent charm. A real eye-catcher, Stripe shines as a feature in commercial spaces and residential projects.
