

SANDSTONE

WOVEN VINYL

texlyweave®

we challenge the norms of weaving

THE KEY TO OUR PROCESS

Customer satisfaction is our goal. Thanks to our unique engineered woven vinyl wall to floors series, we produce yarn, fabric, and finished items, thus having 100% control over our production and design supply chain.

Nature inspires and uplifts us within the space, bringing gorgeous patterns and textures indoors to create soothing environments supporting residential well-being.

With two-tone classic vinyl yarn with a timeless appeal, Sandstone design is a great option when you need stylish flooring.

UNIQUE DETAILS

Precious, rare, long-lasting. The woven vinyl plays with the light: they capture, enhance, and reflect it with a game of pleasant reflections that turn every surface into a precious material.

DESIGN PIECES BY DRAGONSHINE

CREATES A DYNAMIC SURFACE

texlyweave® presents a new engineered surface with vinyl-coated yarn that significantly increases wear resistance and two-tone aesthetics that enhance the tactile experience of the textures. The technology allows characters to be used, cleaned and enjoyed longer.

VERSATILE AND ELEGANT

A brilliant choice for offices, gyms, and hotels, the texlyweave wallcovering range is also a popular option at home anywhere from ensembles and bathrooms to kitchens and studios where a statement finish is desired. Over-engineered for incredible durability, use texlyweave woven vinyl floor, meeting the needs of today's modern living.

SANDSTONE: BRING SOOTHING ENVIRONMENTS TO YOUR SPACES WITH THIS NEW STYLISH.

Nature always inspires and uplifts us within the space, bringing gorgeous patterns and textures indoors to create soothing environments that support residential well-being.

With two-tone classic vinyl yarn with a timeless appeal, Sandstone design is a great option when you need stylish flooring.

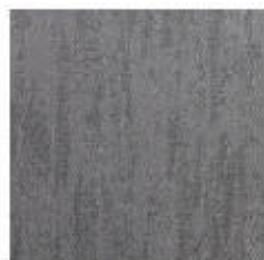

OUR EXPERTLY COORDINATED COLOR COLLECTION WORKS IN PERFECT HARMONY, IN ANY COMBINATION, TO GIVE YOU AN EASY-TO-ACHIEVE, REVEAL-WORTHY STYLE YOU CAN TAKE ALL THE CREDIT FOR.

Resilient, textile, and laminate floor coverings - Essential characteristics The European Standard EN 14041:2004 specifies the health, safety, and energy-saving requirements for resilient, fabric, and laminate floor coverings. According to the manufacturer's specifications, these products are intended for use as floor coverings within a building.

Companies or individuals that import, manufacture, use, or place substances, mixtures, or articles on the market must comply with the REACH regulation. That means if you are based in the European Economic Area (EEA) (including Northern Ireland) or Great Britain (GB), all physical goods must be compliant with the regulation unless an exemption applies.

RoHS stands for Restriction of Hazardous Substances and impacts the electronics industry and many electrical products. The original RoHS, also known as Directive 2002/95/EC, originated in the European Union in 2002 and restricted the use of six hazardous materials in electrical and electronic products. All applicable products in the EU market since July 1, 2006, must pass RoHS compliance.

Proposition 65 (Prop 65) is formally known as the Safe Drinking Water and Toxic Enforcement Act of 1986. Legislation requires businesses and manufacturers to provide Californians warning labels on products that contain chemicals known to cause cancer, congenital disabilities, or other reproductive harm at levels above California's "safe harbor" guidelines.
