WOVEN VINYL

THE BEAUTY OF TEXTURE

textyweave features high performance with technical characteristics. Woven vinyl is strong, durable (EN 685 Class 33), and flame resistant (EN13501-1) when it is reinforced with high density and resilient backing, which dramatically bring you a comfortable, noise isolate experience (EN ISO140-8) and in additionally bring the application from floor to wall.

Appeal to your senses to touch it. From the perspective of maintenance, they are easy to clean. (EN423 EN438) All these original features make it a favorite choice for an interior designer and decoration industry. Also, make it possible as the symbol of strength, sustainability, comfort, and personalization. As well as rich in color and texture, textyweave is an excellent accent for the highest style projects.

Long-lasting colors, unique feel, and modern look
Easy to apply, clean, and maintain; strong, durable,

Resilient, textile, and laminate floor coverings - Essential characteristics The European Standard EN 14041:2004 specifies the health, safety, and energy-saving requirements for resilient, fabric, and laminate floor coverings. According to the manufacturer's specifications, these products are intended for use as floor coverings within a building.

Companies or individuals that import, manufacture, use, or place substances, mixtures, or articles on the market must comply with the REACH regulation. That means if you are based in the European Economic Area (EEA) (including Northern Ireland) or Great Britain (GB), all physical goods must be compliant with the regulation unless an exemption applies.

RoHS stands for Restriction of Hazardous Substances and impacts the electronics industry and many electrical products. The original RoHS, also known as Directive 2002/95/EC, originated in the European Union in 2002 and restricted the use of six hazardous materials in electrical and electronic products. All applicable products in the EU market since July 1, 2006, must pass RoHS compliance.

Proposition 65 (Prop 65) is formally known as the Safe Drinking Water and Toxic Enforcement Act of 1986. Legislation requires businesses and manufacturers to provide Californians warning labels on products that contain chemicals known to cause cancer, congenital disabilities, or other reproductive harm at levels above California's "safe harbor" guidelines.
